Questions

Game Components

Game Facilitator

The Game (defined below) is facilitated by Ace Golf Technologies, LLC, a Minnesota limited liability company DBA SmartPin (“Game Facilitator”), whose mailing address is 3469 Lake Elmo Ave N, #219, Lake Elmo, MN 55042.

Game Operator

The Game must be operated by a SmartPin Game Operator (“Game Operator”) at a course/facility and/or event with a current and fully executed SmartPin Game Operator Agreement (“Game Operator Agreement”) and/or a SmartPin employee or representative. The Game Operator must strictly follow all rules and regulations in the Game Operator Agreement. SmartPin reserves the right to qualify all entries and to reject any entries that do not meet the requirements for participation as established by SmartPin.

Game Formats

Each Player may participate in “Daily Play,” an “Event,” or a “Shootout” (each a “Game”) as described below:

Daily Play

A tee-to-hole golf competition where Players self-register for the Game.

Event

A tee-to-hole golf competition where Players are typically pre-registered into the Game by a Game Operator.

Shootout

A non-tee-to-hole golf competition where Players are typically pre-registered into the Game by a Game Operator.

Each Game format requires an active SmartPin in a valid location operated by a Game Operator adhering to the requirements of their current and fully executed Game Operator Agreement (defined below).

Game Types

Each Entry (defined below) competes in two “Game Types” – Ace and Gimme.

Ace Game

A game in which the Player becomes a potential winner (“Potential Winner”) if the Player achieves an Ace (i.e. hole-in-one). A shot is deemed a “Potentially Winning Shot” of an Ace Game, when a Player’s tee shot is Holed as defined by the United States Golf Association (USGA) and verified by SmartPin’s technology. No other forms of verification will be considered.

“Holed” is defined for a USGA conforming hole as when a ball is at rest in the hole after a stroke and the entire ball is below the surface of the putting green unless the hole has been modified for COVID-19 or any other safety or precautionary procedures (see COVID-19 section below).

Gimme Game

A game in which the Player becomes a Potential Winner of the Gimme Game if the Player's tee shot comes to rest within 36" of the lip of the hole as measured by SmartPin's technology. For a shot to be deemed a potentially winning shot Potentially Winning Shot of a Gimme Game, a Player's tee shot must come to rest within 36" of the lip of the hole as measured by SmartPin's technology. No other forms of measurement will be considered.

SmartPin's method to determine if a ball is within 36" of the lip of the cup (i.e. a 76.25" circle around the cup) is extremely precise in perfect conditions. Wind or cups that are not cut perfectly straight may have an impact on the position of our cameras, which means the Gimme Game circle does have the opportunity to shift slightly. These effects may result in a small increase or decrease in your ability to win a Gimme Game. All Gimme Game determinations are based on images captured at the end of the video recorded by the SmartPin for your Game. All determinations of whether a shot is within 36" of the lip of the hole and/or a Potentially Winning Shot shall be determined by SmartPin at its sole discretion.

Selection of Winners

Each Entry (defined below) and Potentially Winning Shot is subject to verification by SmartPin, at its sole discretion. When a Player becomes a Potential Winner, the Player will be notified by SmartPin or its agent as soon as practical that they may have won and that the Player's Potentially Winning Shot is under review. After SmartPin verifies a Potential Winner, the Potential Winner and the Game Operator must complete corresponding winner forms. Once SmartPin receives and reviews both completed winner's forms, the final determination is made on whether the shot is a winner or not. A Potential Winner becomes a winner eligible for prizes ("Winner") upon receipt of a winner confirmation notice from SmartPin, delivered to the Potential Winner's communication method on file with SmartPin and in the Potential Winner's SmartPin App, if applicable.

Contest Period

The "Contest Period" begins on July 11, 2024 at 12:01 a.m. Central Time and continues until July 18, 2024 at 11:59 p.m. Central Time or until 11:59 p.m. of the western-most time zone with an active SmartPin Game on the day one or more Players become an Ace Game Winner (defined below). The rules may change between the time of purchase and the time of Entry. If you do not agree with the rules at the time of Entry, contact us for a refund. SmartPin's computer is the official time-keeping device for the Game.

Game Entry Fees

To enter a Game, eligible Players must select an Entry fee – Free, \$5, \$10, \$20, \$50, and \$100. Players may enter a Game multiple times during the Contest Period as described above but are limited to one Entry per 60 minutes for each SmartPin Game unless authorized by SmartPin.

If more than one Entry per 60 minutes per player is authorized by SmartPin, that game is not eligible for the Daily Progressive Ace Jackpot and may have its own set of Ace and/or Gimme Game prizes as determined by SmartPin and/or the Game Operator.

Game Prizes

Eligible Players may compete in Games with prize money. Players may visit the SmartPin Golf app to see the current projected prizes. Players agree that prizes may change daily and may not be the same as the day

they purchased a shot(s), Player should verify the prize amount on the SmartPin Golf app on the day they take the shot, and Player agrees that the prize amount on the day of their shot will apply.

Posted Prize Amounts

All prizes are predetermined. The amount of each prize will be posted on the SmartPin Golf app at the start of each day.

Ace Game Prizes

An Ace Game winner wins BOTH the Daily Progressive Ace Jackpot as well as the Gimme Game prize that corresponds to their Game selected (e.g. \$10,500 Daily Progressive Ace Jackpot plus a \$10 Game Gimme Game prize of \$1,000 equals an \$11,500 Ace Game prize).

The Daily Progressive Ace Jackpot is contested among Players in all Games on all SmartPins on a given day and begins at \$10,000 and increases by a predetermined increment each day the Game is active.

- a. After each Contest Period with one or more Ace Game winners, the jackpot resets to \$10,000 and the predetermined daily increment may be adjusted.
- b. If there are multiple Ace Game Winners in a day by 11:59 p.m. local time of the western-most time zone with an active SmartPin Game, the Winners will share the daily progressive jackpot component of the Ace Game prize equally down to a minimum of \$5,000 per Winner.
- c. On a day with one or more Ace Game winners, each winner's portion of the Daily Progressive Ace Jackpot will be determined as soon as practical after 11:59 p.m. local time of the western-most time zone with an active SmartPin Game.

If there are no active Games on any given day, the accrual of the daily progressive jackpot will be paused until the next day with an active Game. The next active SmartPin Game will resume with the prior daily progressive jackpot amount plus the current predetermined daily increment.

Gimme Game Prizes

Gimme Game prizes correspond to the Game selected by the Player and according to the prize amounts listed in the SmartPin Golf app at the time of Entry. All Gimme Game prizes are a predetermined set amount funded by SmartPin without regard to the Entry fees collected.

Game Location

Valid SmartPin Games are located on courses, facilities, and/or at events with a current and fully executed Game Operator Agreement. Current SmartPin game locations can be found in the App.

Target hole and green must meet USGA standards

The target hole and the green must meet all USGA standards unless expressly approved by SmartPin. No target green or hole may be specifically prepared or altered from its typical condition, nor may the cup be positioned on a green with the intent to facilitate a winning shot (i.e. no cups in known "honey holes" allowed).

Game Rules & How to Play the Game

Game Rules

An “Entry” is one shot recorded in the app during the countdown period and recorded by the SmartPin

A shot is taken when the Player makes forward movement with the golf club with the intent to strike the ball.

One shot per Entry; no other shots intended for target green in the 60 minutes before Entry

Only one shot is allowed per Entry. No shots of any kind intended for the target green in the 60 minutes before the Player’s Entry are allowed (i.e. no practice shots, mulligans, or substitute shots).

Players must play from their tee marker if the tee marker meets our minimum distance

Players engaged in a round of golf may move back to tee markers with a conforming distance, but never forward from the tee markers they are playing as part of their current round. For a shot to be eligible for a prize, the ball must be struck within the teeing area as [defined by the USGA](#).

Minimum distance – men: 130 yards; women: 100 yards

From the point on the teeing area in which the shot is initiated to the flagstick, the target hole must measure no less than 130 yards for men and no less than 100 yards for women. The Player’s gender, as defined in the [USGA’s Gender Policy](#), should be used to determine their minimum yardage.

Playing equipment (i.e. club, ball, tee, etc.) must conform to USGA specifications

Do not obstruct or affect the travel or course of the ball

No Player or other party may do anything that obstructs or affects or could obstruct or affect the travel or course of the ball being played by the Player. Any attempt to obstruct or affect the travel or course of the ball will be considered a violation of these Official Game Rules and the Player shall be deemed ineligible to receive any prize.

Before entering Game

Determine your eligibility

Players are subject to all applicable federal, state, and local laws and regulations. Void where prohibited by law. Prior SmartPin Game prizes won are not considered when reviewing a player's amateur status to confirm SmartPin Game eligibility.

Eligibility for Games without prize money

The free Game is open to all Players rightfully engaging in a SmartPin Game for which they will receive a personalized highlight video but are not eligible for prize money. Players under 18 years old may play as guests of their parent or legal guardian.

Eligibility for Games with prize money

To be eligible to enter a Game with prize money, players must be amateur golfers [as defined by the USGA](#) under the Rules of Amateur Status who:

- are at least eighteen (18) years old at the time of playing;
- are rightfully engaging in a SmartPin Game;
- are not an affiliate of SmartPin (i.e. Board members and their immediate family members, employees and their immediate family members, unit holders, and select vendor personnel).

Review amateur status considerations

SmartPin is not responsible for determining the effect of accepting prize money on a Player's amateur status. It is each Player's responsibility to read the USGA, NCAA, or any other relevant governing bodies' guidelines to determine whether or not accepting the prize will impact the Player's status with the governing body. If you play in elite amateur competitions (high school, college, state, regional, national, international, etc.), be aware that accepting prize money over \$1,000 for a Gimme Game may jeopardize your amateur status according to the USGA's Rules of Amateur Status and could impact your ability to participate in such events. There are no USGA prize money limits for a hole-in-one. We strongly encourage those who play or endeavor to play in elite amateur competitions to only enter SmartPin competitions in which the Gimme Game prize is no more than \$1,000. For more information on the Rules of Amateur Status, visit the [USGA's website](#).

Create your SmartPin account

When participating in a SmartPin Game without a SmartPin Game Operator operating the SmartPin app on the tee box for you, download the SmartPin Golf app from the App Store to create your account and accept the [Terms of Use](#) and review the [Privacy Policy](#). You must also grant the app access to your phone's camera and microphone access to participate.

When participating in a SmartPin Game with a SmartPin Game Operator or other Player operating the SmartPin app on the tee box for you, they will create a SmartPin guest account for you if you have not previously created an account. If you do not agree to the [Terms of Use](#) and acknowledge the practices described in the [Privacy Policy](#), you are not eligible to participate. Please let the Game Operator or other Player operating the SmartPin app know before hitting your shot.

After entering Game

Requirements of Winners and Potential Winners

SmartPin may require all Potential Winners to complete, sign, and return a Winner's Form that primarily exists to confirm their eligibility and/or an affidavit of eligibility and liability and publicity release, wherever lawful, as a precondition to the award of any prize. If any Potential Winner fails to sign and return the requested documents to SmartPin within 24 hours of the date of receipt, that Potential Winner may be disqualified.

Winners receiving a prize of \$600 or more will receive a Form 1099-MISC and must supply the necessary personal information for SmartPin to complete the form. If any Winner fails to supply the requested information to SmartPin within 24 hours of the date of receipt, that Winner may not receive their prize. In the event, that a potential Ace Game prize winner is not confirmed, we will revert the jackpot to the prior day's amount plus today's previously scheduled daily increment.

Prize money taxes, if any, are the sole responsibility of each Winner.

Notification of Winners

SmartPin will make reasonable efforts to contact Winners via email and/or telephone to make arrangements for the prize within three (3) business days of verification.

Each Player agrees that:

1. any and all disputes, claims, and causes of action arising out of or in connection with this Game, any game, or any prizes awarded, shall be resolved individually, without resorting to any form of class action, pursuant to arbitration conducted under the commercial arbitration rules of the American Arbitration Association then in effect, to take place in Minneapolis, Minnesota;
2. any and all claims, judgments, and awards shall be limited to actual out-of-pocket costs incurred, including costs associated with entering this Game, but in no event attorneys' fees; and

All issues and questions concerning the construction, validity, interpretation, and enforceability of these official rules, or the rights and obligations of Player and SmartPin in connection with the Game or any game, shall be governed by, and construed in accordance with, the laws of the state of Minnesota, without giving effect to any choice of law or conflict of law, rules or provisions (whether of the state of Minnesota or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the state of Minnesota.

SmartPin is Not Liable for Technical Issues Delaying or Preventing Entry to the Game

If a Player receives an error message in the SmartPin app when entering a Game that prevents the Game from being administered properly, that Entry is invalid. SmartPin assumes no responsibility for computer system, hardware, software, or program malfunctions or other errors, failures, interruptions by other apps or computer software, delayed computer transactions, or network connections that are human or technical in nature; technical, hardware, software, electronic, or telephone failures of any kind; lost or unavailable network connections; fraudulent, incomplete, garbled or delayed computer transmissions whether caused by SmartPin, the Players, or by any of the equipment or programming associated with or utilized in this Game or any Game; or by any technical or human error that may occur in the processing of purchasing a shot, entering the Game, playing any Game, or recording any shots, that may limit, delay or prevent a Player's ability to participate in the Game. If for any of these reasons, the Entry is interrupted, the Entry may be deemed invalid by SmartPin. In such event, SmartPin's sole liability to Player will be a refund of any fees paid to participate in the Game, in SmartPin's sole discretion.

SmartPin's Right to Cancel or Suspend Game

SmartPin reserves the right, in its sole discretion, to cancel or suspend this Game or any Game should causes beyond SmartPin's control, including but not limited to extreme weather, excessive wind, or unauthorized human intervention, which, in the sole opinion of SmartPin, corrupt, compromise, or materially affect the administration, fairness, security or proper play of the Game, any Game or proper submission of entries. SmartPin is not liable for any loss, injury, or damage caused, whether directly or indirectly, in whole or in part, from downloading data or otherwise participating in this Game.

COVID-19 Warning

An inherent risk of exposure to COVID-19 exists in any place where people gather. COVID-19 is an extremely contagious disease that can lead to severe illness and death. You assume all risks, hazards, and dangers arising from or relating in any way to the risk of contracting COVID-19 or any other communicable disease or illness, or a bacteria, virus, or other pathogen capable of causing a communicable disease or illness, whether occurring before, during, or after any Game you participate in, however caused or contracted, and voluntarily waive all claims and potential claims against SmartPin relating to such risks.

“Holed” is defined for a USGA conforming hole that is modified for COVID-19 or any other safety or precautionary procedures, when the ball is at rest inside the diameter of the hole and any part of the ball is below the surface of the putting green. Note that if on a shot, the ball strikes an implement that the golf course placed inside the hole to prevent the ball from dropping fully below the surface of the putting green for safety reasons (e.g., a piece of foam placed in the bottom of the hole, the hole lining being used upside down, etc.) and the ball’s final resting location is outside of the hole, such shot will not count as Holed and is explicitly not a Potentially Winning Shot.
